**SRTA**  
States Resources for Testing and Assessments

**BETTER TOGETHER**

**CALL US FOR THE BEST EXPERIENCE IN DENTAL AND DENTAL HYGIENE TESTING**

The word is out! CRDTS + SRTA are pleased to announce the finalization of the merger between these two distinguished testing agencies.

CRDTS+SRTA will operate under the CRDTS governing structure and official governing documents. For the 2025 exam season, schools scheduled with SRTA will continue to take the SRTA exam as currently administered and CRDTS exams will also continue status quo. In 2026 and moving forward, the CRDTS+SRTA organization will administer the CRDTS dental and dental hygiene examinations. CRDTS+SRTA will combine examiners and incorporate the knowledge and skillset of the SRTA leadership into that of the CRDTS leadership. Together we are connecting with each dental and dental hygiene school to help make changes for 2026 seamless and simple. If your school has questions or would like more information on administration of the CRDTS examinations in 2026, we would love to hear from you.

With like-minded philosophies about the reasons clinical licensure examinations exist and how they should be developed and administered, CRDTS+SRTA provides the best in dental and dental hygiene exam administration. Our leadership, staff and examiners see the development and administration of examinations as an opportunity to further the dental profession rather than enrich themselves. We are passionate about the future of dentistry and ensuring the safety of the public.

Amidst all of the changes in the dental testing world, we are proud to come together to continue providing options in dental and dental hygiene clinical licensure examination administration. Faculty members and candidates are speaking out about the incomparable service they receive from CRDTS and SRTA and we look forward to continuing that legacy.

If you haven't already had an opportunity to speak with candidates and faculty members from the schools that CRDTS and SRTA administer dental and dental hygiene licensure examinations, you may want to reach out to hear first-hand what a great experience they have with us! The best news is that the excellent service we are each known for will continue and get even better as we combine more than 100 years of experience and knowledge, working with state dental boards, schools and candidates.

For more information visit [crdts.org](https://www.crdts.org) or call the central office at 785.273.0380.

Now, a word from the former President of SRTA and current President of CRDTS:

*“The SRTA leadership is excited to come together with CRDTS. The combined efforts of CRDTS and SRTA will give the states, schools, and candidates an enhanced option for licensure testing. Both agencies have a similar philosophy and are striving to be the best testing agency now and in the future.”*

*Charles Holt, DDS*

*“As the current president of CRDTS, I am privileged to have been part of this merger. It is gratifying to see two organizations with such similar values and goals come together to provide a current and valid test that meets the needs of state licensing agencies while at the same time providing a fair standardized test in a respectful and efficient way to potential licensees.”*

*Otto W. Dohm, DDS MS*
